

Product size guide for Custom Unisex Hooded Sweatshirt for Adults (Brand: Gildan 18500)

Lay down the garment that you already have on a flat surface, take measurements, and then match it to the product size chart, to have the best fit!

A) Length

Place the end of the tape beside the collar at the top of the shirt (highest point shoulder). Pull the tape measure to the bottom of the shirt.

B) Half Chest

Measure it from left to right across the chest, about 2cm below the arms.

C) Sleeve length

Place the end of a measuring tape at the center back of the collar, then pull the tape along the top seam of the sleeve. When you get to the shoulder hold the tape in place at the shoulder and continue to pull down the sleeve until you reach the hem of the sleeve.
